

MEDCOM Soldier of the Year!

Congratulations

SPC Steven Rovelstad

Pacific Regional Dental Command/DENTAC-Hawaii

The competition was held April 1-6 at Fort Sam Houston and Camp Bullis, Texas. All competitors first passed a 100-question written test and wrote an essay about current events. They passed the Army Physical Fitness Test, hiked with full ruckpacs and demonstrated marksmanship with M-16 rifles. They negotiated a land navigation course, then in tactical scenarios they reacted to explosive devices, communicated through radios and conducted combat actions, including treating and evacuating casualties. They defended a convoy during a live-fire exercise.
