All patients must use the Automated Prescription Refill System when requesting prescription refills.

Prescription refills processed before 12:00pm will be ready for pick-up the next business day after 12:00pm. Prescription refills processed after 12:00pm will be ready for pick-up in 2 business days. The Refill Pharmacies are closed on Sundays and Federal Holidays, please take this in to consideration when requesting refills. We recommend refill requests be made 5 to 7 days in advance to avoid running out of medications. Prescription refills not picked-up after 10 days from the scheduled pick-up date, will be returned to stock and need to be reordered. If you have difficulties calling-in your refills due to a misplaced prescription number or the system tells you that you are calling in too early, contact the pharmacy where you would like to pick up your refills.

Prescriptions refills may not be requested prior to 14 days from the next refill due date.

If you have a touchtone telephone our Automated Prescription Refill System is easy to use. You can request a prescription refill, receive information about your medication, and hear the pharmacy hours of operation. To refill a prescription or access information, select the pharmacy where you wish to refill your prescription(s) or receive information by pressing the corresponding number on your touchtone phone. Then listen and choose an item from the main menu by following the simple instructions, or follow the step-by-step guide below. Once you are familiar with the menu options, you may key ahead. You can end your call anytime by hanging up.

When prompted, enter the last four numbers of your sponsor's social security number followed by the pound sign (#).

Enter the six or seven digit prescription number followed by the pound sign (#). The prescription number is located in the upper left hand corner of the prescription label. For example, your prescription number is RXT1234567; you will enter 1234567.

The patient's valid military ID must be presented to pharmacy staff when requesting prescriptions to be dispensed. In order to pick up prescription from the pharmacy, the pharmacy will need to see the patient's military ID card or a photocopy (both front and back) of the patient's military ID card. Parents can use their own military ID to pick up prescriptions for their family members who are 17 years and younger. For family members who are 18 years or older, the parent will need to have the family member's military ID card (or a photocopy of both front and back of the military ID card) to pick up the prescription.

If you have any additional questions concerning your refills, please call your respective pharmacy and speak to a pharmacy staff member.
