

Tripler Lodging

Those on 90-day Boots on the Ground (BOG) tours typically reside at Tripler Lodging, regardless of rank. It is within walking distance of Tripler hospital, no more than about a 5 minute walk to the mountainside entrance. This photograph, taken from Ft. Shafter, shows the proximity of Tripler Lodging to Tripler Hospital.

Units have bedroom and living room areas, with TVs in both rooms, balconies, and other amenities. Further information is available at these links:
