HONOLULU-Currently, serving both at home and abroad, the Army Nurse Corps has cared for the sick and wounded with extraordinary courage on the field and cared for the soldiers and families with compassion on the home front.

The Army Nurse Corps became a part of the Army Medical Department on Feb. 2, 1901. As one of the oldest federal nursing services, the Army Nurse Corps has varied in its accomplishments and contribution in both peacetime and war time missions. Each member shares a tradition of service and whether today or tomorrow, the Army Nurse Corps will continue to embrace its challenges and enhance the lives of millions.

Refreshments will be available 6 - 7 a.m. at Mountainside and Oceanside Entrances for coming and going shifts; at 4 - 5 p.m., in the Dining Facility with video and displays; and from 5 - 6 p.m. by trolleys to the inpatient areas for staff.
