

WARFIGHTER REFRACTIVE EYE SURGERY

Are you currently wearing glasses or contacts?

Would you like to decrease, or eliminate, your need for them?

If so, refractive eye surgery may be for you!

- The Refractive Surgery Center is located at Tripler Army Medical Center
- We offer LASIK & PRK and ICL surgery for active duty personnel from any branch.
- If you are interested you can get started by visiting our website. There you will find more information about refractive surgery, and you can find an upcoming briefing date to attend.
